

ESPIRAL ENTITAT DE SERVEIS as “hosting partner”

Training courses ESPIRAL offer 2015-2016 - ERASMUS+ KA1

Thematic Field	Brief description	When?	Where?	N. of part
Entrepreneurship	<p>Learning to learn entrepreneurial skills.</p> <p>The training activity will focus on the learning needs of senior trainers in order to be successful in mutual learning activities among +55 experts and early school leavers.</p> <p>Will work together, in an active environment, with company managers and trainers, adult education specialists, secondary school teachers, psychologists... in order to identify strengths & weakness of participants, identify resources and provide useful materials for their future young trainer tasks.</p> <p>Business organisations, the Department of Education will be relevant as training facilitators, and several successful social companies will be studied (NGOs, Foundations, clusters, etc.)</p>	Nov. 2015, 2-7	GIRONA	20
Entrepreneurship	<p>Building a collaborative environment to enhance creativity & innovation at work lifelong. Senior trainers to help young people to start their own business.</p> <p>The objective of the activity is to enhance lifelong creativity & innovation attitude and awareness.</p> <p>We'll learn how to be creative at work and held a positive attitude lifelong to learn and innovate as a regular basis. The innovation process will be hands on analysed and innovation skills addressed.</p> <p>Models on innovative companies and professionals will be studied and compared.</p> <p>Senior professionals will be asked to introduce their own experiences and education professionals will act as young people specialists to fill participants in the young typology and needs.</p>	April 2016, 18-24	GIRONA	20
Entrepreneurship	<p>Culture and heritage as a resource to entrepreneurship & economic growth.</p> <p>The main goal of this training activity is to get familiar with the process of helping early school leavers and young NEETS to creating new business based up on existing regional natural & cultural resources and values. Catalonia is a very diversity rich area on heritage resources and natural landscapes that can be successfully used to develop small companies and self-employment ideas for new entrepreneurs. Moreover, the culture of creating their own company is already a must among young people in the region.</p> <p>We'll work with new entrepreneurs who recently created a company in the chosen field, usually ICT based companies, in order to give samples on the foreseen results & possibilities, analyse the existing gaps, social, economic, etc., and identify the available resources to help in the process.</p>	October 2016, 10-16	GIRONA	20
