

'Voices of Faith' Radio Program

The Voices of Faith Program Radio 102.7 FM is a thirty minute programming segment that allows an individual to present his/her faith, beliefs, cultures, customs and traditions.

The radio program is well suited, especially to reach communities, and it is still one of the most popular forms of mass media. It is also recognised as a very powerful communication tool both for entertainment and news.

The program is in its sixth year, and airs twice a week on Fridays and Sundays from 6.00 to 6.30pm. It is encouraging to see almost 30% of the presenters who are newcomers and youths coming from different backgrounds and ethnicities sharing their stories.

As this is a community program, if you are keen to present and share your stories, you may wish to email us at mfmcc.pllc@gmail.com and we will get in touch with you.
